Participants must certify they have no known medical conditions that would cause them or others undue risk.
- A. Car Classing, Rules, Prizes, and other information can be found at <http://www.coloradoscca.org/acs.php>

**PREFERRED NUMBERS:** Conference Preferred Numbers will be honored until 14 days prior to the event. If two drivers holding the same Preferred Number request that number for the same run group, the number will be assigned to the driver with the earliest request.

**TECH:** Tech inspection hours are posted on the event schedule.

- A. Drivers with both a current annual tech and a current year helmet sticker may bring just their helmet, vehicle log book, and registration credential to get their event stickers.
  - a. Drivers without a current year helmet sticker must present all driver gear as required by the GCR, vehicle logbook, and registration credential to Tech.
  - b. If your car requires an annual tech, you must also bring the car to tech.
  - c. An event tech sticker will be issued after everything is examined and approved.
- B. The order of inspection at the track will be:
  - a. Express Tech
  - b. Re-inspection, logbook notation
  - c. Annual inspection
  - d. Cars with no logbook (new or lost logbooks)
- C. Competitors needing Annual inspections or New Logbooks must make prior arrangements with the Chief of Tech to have these items performed by tech personnel at the track.

**SPEC MIATA COMPLIANCE:** At post-race inspection, Spec Miata participants may be directed by the designated Class Compliance Chief (CCC) to remove parts, including but not limited to the cylinder head, for disassembly and/or inspection. Competitors are responsible for performing required disassembly and/or reassembly of their car, as well as any resulting expenses incurred. The CCC will report any findings of non-compliance to the Race Director, who will then determine the need for a Chief Steward's Action (CSA) or Request for Action (RFA).

**SCALES:** Scales will be available Saturday and Sunday from 7:30 am to the end of competition, except during impound. Driving on or off the scales is prohibited unless otherwise instructed by Tech personnel. Motors must be turned off and competitors and/or crew must push cars on and off scales.

**EVENT SCHEDULE / RUN GROUPS:** The event schedule, configuration, or run groups may be changed at the discretion of the Race Director, in cooperation with the Region's representative. If changes are made, as much notice as possible will be given to all competitors. The PA system may not be heard in all areas of the paddock, so please monitor the PA system and pay attention to what is happening on track.

- A. Warm up sessions, if any, will be untimed
- B. Saturday Majors Races will be timed. Sunday Majors races will be 21 laps or 35 minutes, whichever comes first
- C. Regional races will be timed.
- D. The official clock starts with cars on course, indicated on the schedule as "sessionstart"

**TIMING AND SCORING:** All cars are required to use fully operational AMB transponders, and the driver is responsible for providing correct information during registration. Unless otherwise announced, live timing will be available via the Race Monitor App available for iPhone and Android phones.

- A. Non-operational transponders or missing transponder information may not be scored for the event.
  - a. A limited number of transponders may be available for rent at the rate of \$80.00 for the weekend, along with a \$500 retainer on a valid credit card.
  - b. A competitor needing a rental unit should make those arrangements at the time of entry submission.
- B. The clock will continue to run during all flag conditions, with the exception of the red flag.
- C. Personal timing beacons are not allowed within 20 feet of the T & S system, or across track from Start/Finish.

**GRID:** Starting positions for the Saturday race will be determined by the fastest time recorded for each car during the preceding qualifying session(s). Starting positions for the Sunday race will be determined by the fastest time recorded during each of the preceding qualifying session(s) and their fastest lap during the Saturday Race. Cars arriving at the grid after their group has been dispatched on track may, at the discretion of the Operating Steward, be held at pit out and released at the end of the pack after the field has completed the pace lap.

- A. Crew / Guests must leave the grid at the one-minute warning.
- B. Drivers are prohibited from scrubbing tires in the paddock, grid, and hot pit lanes.

**SPLIT STARTS:** The Race Director will consider requests for split starts and may authorize such based on qualifying times.

**IMPOUND:** The top three competitors in each class shall report to impound immediately following the completion of their race. Trophy presentations and photos will occur in the Victory Circle area near impound following the race. All other competitors are strongly encouraged to attend the podium festivities following their race.

**DESIGNATED INCIDENT INVESTIGATION SITE**

- A. If a driver is involved in significant body contact, the driver and car shall stop at the designated incident investigation site for review of the incident by the stewards before going to their paddock area.
- B. The designated incident investigation site for Pueblo Motorsports Park is in pit lane immediately before the start/finish timing line.
- C. "Significant body contact" includes, but is not limited to: Contact resulting in 2 or 4 wheels off course, spins, loss of position, or repairs to suspension or bodywork.

**VICTORY LAPS:** Winners of Majors races will receive one checkered flag for the weekend. On Sunday, following the cool down lap, the winner of each Majors class will receive a flag and be directed on course for a single Victory Lap. Drivers need not wear their helmet or gloves during the victory lap and passengers are permitted in accordance with GCR 6.11.7. Drivers shall maintain a safe speed and be wary of safety vehicles that may be on course. Saturday winners who do not receive a flag on Sunday should request their flag from hospitality by the end of the weekend.

**RESULTS:** Qualifying, provisional and final results will be posted at Registration / Hospitality. Additionally, final results will be posted to the

Continental Divide Region and SCCA Majors websites no later than 7 days following the completion of the event.

**AWARDS:** Trophies for all races will be awarded in accordance with the GCR. Trophies will be presented at the event. Majors points will be awarded for all races in accordance with the GCR.

**FLAGGING:**

- A. GCR 6.1.1 flag rules apply to all sessions.
- B. Station 8 is the **BLACK FLAG** station.
- C. For Time Trials and the Free Worker Track Event, a CHECKERED FLAG signaling the end of the session may be displayed at BOTH Start/Finish AND Station 8. Cars receiving the Checkered Flag at either station must proceed directly to the pitlane/paddock.

**PACE / SAFETY CAR:** In addition to GCR 6.6.2., the field shall follow the PACE/SAFETY car as long as its emergency lights are flashing, even if it varies from the normal race course. In the event a full course yellow results in dispatch of the safety car, the safety car will enter the racing surface at pit out.

**DISABLED CARS:** Disabled or damaged cars may be removed from the course and delivered to a central location. If the car has sustained body/chassis damage, it will be released to the driver/crew after tech has made appropriate notations in the vehicle logbook. Cars disabled due to a mechanical failure will be released to the driver/crew immediately. If the car requires wrecker support to return to its paddock location, there may be a delay depending on the availability of wreckers or flat tows.

**SOUND CONTROL:** A maximum limit of 103dB is in effect for this event. Sound control will be located at turn 8. Sound readings will be posted at Hospitality.

**RADIO FREQUENCIES:** The region frequencies below shall not be used for communications by any participant.

451.2875	451.3125	451.3375	451.3625	451.3875	461.5125
463.2625	466.2125	466.5875	468.3125	469.1250	

**PADDOCK:** Event organizers may assign paddock spaces and issue parking passes when necessary. Stationary awnings, trailers, cars and support vehicles must remain within the marked paddock space and must not encroach on areas designated for tech/scales, pit/grid, or officials parking.

- A. Event organizers may exclude areas as off limits and designate them unavailable for any parking or paddock space. Access ways for general paddock traffic and Emergency Vehicles must be kept clear at all times or vehicles will be towed.
- B. You must have a valid motor vehicle license to operate any 2, 3, or 4-wheeled motorized or non-motorized vehicles in the paddock. Skateboards, skates, and rollerblades are prohibited.
- C. The paddock speed limit is 10 M.P.H. Vehicles in the paddock are the responsibility of their respective entrant and must be operated in a safe manner.
- D. Entrants are responsible for the conduct of their crew, guests, minors, and pets. All minors must be under direct adult supervision at all times. Pets in the paddock must be leashed and under direct supervision of an adult at all times.
- E. Minors and non-members will not be allowed in HOT areas.

**GENERAL:** Participants must display proper credentials at all times. There is a PA system; however, please be aware it may not be heard from all areas of the paddock.

- A. The organizers reserve the right to postpone, abandon or cancel the event, or any part of the event. Entry fees will be refunded to those offered no opportunity to compete.
- B. Any test day or session not on the official schedule is NOT sanctioned by SCCA and is NOT covered by SCCA Insurance.
- C. Vendors wishing to display and/or sell any items must obtain prior approval from the Race Chair and PMP management.
- D. The consumption of alcohol is prohibited until after the daily on-track activities are concluded. In addition, GCR 2.3.1.B shall be in effect as it relates to Narcotics and Dangerous Drugs.
- E. All attendees agree to abide by track rules as published by the track at <http://pueblomotorsportspark.net/FAQ.html>.
- F. The organizers reserve the right to refuse entry and/or issuance of credentials to the premises or event for any reason except race, color, creed, sex, or national origin.
- G. Unmanned aerial vehicles, also known as drones, shall not be used anywhere in the airspace over the PMP property.
- H. All on track body contact (including contact during drafting) that causes a car to act erratically and results in a change of position or a car leaving the course will be investigated.

**FREE WORKER TRACK EVENT (PDX) PROCEDURES:**

The Free Volunteer Track Event is offered during one session per day, Saturday and Sunday immediately after lunch.

**REGISTRATION:**

- A. Participants must register online at <http://coloradoscca.motorsportreg.com> before the event. Entries may be accepted at the track at the discretion of the chief registrar. Participants must proceed to the registration/hospitality building to complete check-in. Track Event instructors are asked to please register online prior to the event.
- B. Should entry numbers need to be limited or restricted, priority will be given to those drivers who completed online registration earliest.
- C. Participants are required to have either an Annual or Weekend SCCA membership prior to taking part in the event. Annual memberships can be purchased through [www.scca.com](http://www.scca.com). Weekend memberships can be purchased at the event for \$15.00.
- D. **Participants must show proof of membership and a valid driver's license at registration. Registration will issue a tech card as proof of completed registration**

**TRACK EVENT MEETINGS:** All participants must attend the Mandatory Track Event Driver's Meeting before their session. The classroom for volunteers who are taking part in the free volunteer session after lunch will take place in the TT/Track Event paddock area approximately ½ hour prior to the on track session.

**TRACK EVENT TECH:** If you do NOT have a signed tech form, arrive an hour early and see the chief tech official on duty to have your car inspected. Pre-tech for factory stock vehicles can be performed by any ASE certified mechanic by having them fill out the Track Event tech sheet found on the Track Event section of the Colorado SCCA website at <http://www.coloradoscca.org/pdx.php>

**DRIVER SAFETY EQUIPMENT REQUIREMENTS:** Helmets certified as meeting the most current or the two most recent applicable Snell, FIA, or SFI standards are acceptable.

- A. Acceptable standards include: Snell ratings SA2010, SAH2010, SA2005, SA2000, M2010, M2005, M2000, K2010, K2005, and K98, SFI ratings 31.1, 31.1A, 3.12, 31.2A, 31.1 2005, 41.1, 41.1A, 41.2, 41.2A, 41.2 2005 and 24.1, FIA 8860--2004, 8860--2010. There is a considerable gap between a minimum standard and the best protection that current technology can provide. It is recommended that seats, restraint systems, roll bars, and helmets meet the highest safety standards possible.
- B. All participants shall wear shoes which fully cover the foot at least to the ankle while on course.

**TRACK EVENT PASSENGERS:** Passengers are permitted in Track Event with prior approval of the TE Chief Steward. Passengers must have an SCCA membership. Annual memberships are available online at [www.scca.com](http://www.scca.com). Weekend memberships are available at registration for a fee of \$15.00. Passengers must show proper credentials and proper attire before being permitted on track. Drivers with passengers should drive at only 80%.

**HOT PITS:** The hot pits will be open during the competition sessions. Drivers may enter the hot pits at their discretion and will signal by raising closed fist. Cars will be released back to the track by a grid marshal when safe. There will be no refueling in the hot pits.

**ADDITIONAL TRACK EVENT PROCEDURES:** Instructors may accompany Track Event participants. Track Event participants may be advanced to proceed without an instructor at the discretion of the TE Chief Steward. Passing procedures for Track Event are designed to provide orderly flow of on-track traffic despite differing vehicle speeds while preventing car-to-car contact. The two front windows shall be down on all cars.

**FLAGGING:** Track Event Drivers are expected to review and know general flagging procedures as listed in the "Flagging" section of the Club Racing GCR section 6.1.1.

**Additional Black Flag Procedures:** Displayed at start or the black flag station and accompanied by a number board indicating the car number – proceed directly to the hot pits and the location designated by the Chief Steward for consultation with officials. DO NOT TAKE ANOTHER LAP. Conditions for Black Flag in Track Event are 2 or more wheels off road, passing violations, passing out of zone.

**PASSING RULES:**

Cars must never be adjacent to each other (between the bumper lines of another) on the track when:

- Under any yellow, full-course black, red or checkered flag track conditions
- In any location designated a no-passing zone by the event's Chief Operating Steward
- Unless a passing signal has been given by a slower car's driver to a faster one's in a designated passing zone under a green flag track condition
- The driver of a car overtaken by a faster one on the track should, or if given a blue passing flag must, allow the faster car to pass at the first opportunity permitted above by signaling via hand gesture
- The driver of a car passing another should then initiate the pass to the side indicated by the signal, only if sufficient room exists to complete the pass before the end of the designated passing zone
- In any case, the car being passed should always remain on line and at speed, but must slow down if necessary to allow the passing car to pass the slower car's front bumper line before the end of the passing zone.

**PASSING EXCEPTIONS:**

- Cars entering the track may be passed in the vicinity of the track entrance under any flag condition (except red).
- Cars exiting the track, as signaled by the driver via raised fist may be passed in the vicinity of and to the side opposite the track exit under any flag condition (except red).
- Cars that have left the track surface and are stopped or are coming to a stop may be passed with care at any track location and under any flag condition (except red).
- Clearly disabled cars may be passed with extreme care, if there is sufficient room, at any track location and under any flag condition (except red). The driver of a disabled car should drive his vehicle offline and signal by raised hand.
